

ERRATUM: Characterization of β lactoglobulin and κ casein genotypes PCR-RFLP in dairy cattle from Panama

Due to authors honest mistake the article "Characterization of β lactoglobulin and κ casein genotypes PCR-RFLP in dairy cattle from Panama" (<https://doi.org/10.29374/2527-2179.bjvm001026>), published in Brazilian Journal of Veterinary Medicine, 48, e001026, 2026, was published with some errors along the text.

On page 1, both authors Anabel Argelis García and Jenyfer Pérez García they share first authorship.

Where it reads:

Anabel Argelis García^{1,2}, Jenyfer Pérez García^{1*}, Dilcia Sambrano², Fermín Acosta^{2,3}, César Edwards⁴, José Torres⁴, Diomedes Trejos⁴, Amador Goodridge^{2,3*} & Cecilia Escobar^{5*}

It should read:

Anabel Argelis García^{1,2*}, Jenyfer Pérez García^{1*}, Dilcia Sambrano², Fermín Acosta^{2,3}, César Edwards⁴, José Torres⁴, Diomedes Trejos⁴, Amador Goodridge^{2,3*} & Cecilia Escobar^{5*}

On page 1, both authors Amador Goodridge and Cecilia Escobar should be corresponding authors.

Where it reads:

In the running title on all pages, where it reads:

Characterization of β lactoglobulin and κ casein genotypes PCR-RFLP in dairy cattle from Panama

It should read:

Characterization of β -lactoglobulin and κ -casein genotypes PCR-RFLP in dairy cattle from Panama

On pages 1, 3 and 10, where it reads:

β lactoglobulin

It should read:

β -lactoglobulin

On pages 1 and 10, where it reads:

κ casein

It should read:

κ -casein

On pages 1, 2, 3, 4, 5 and 6, where it reads:

β Lg

It should read:

β -Lg

On pages 1, 2 and 6, where it reads:

PCRRFLP

It should read:

PCRRFLP

On pages 1 and 2, where it reads:

populationlevel

It should read:

population-level

On pages 1 and 6, where it reads:

populationbased

It should read:

population-based

On page 3, where it reads:

NgöbeBuglé

It should read:

Ngöbe-Buglé

On page 3, where it reads:

nonrandomized, conveniencebased

It should read:

non-randomized, convenience-based

On pages 4 and 5, where it reads:

Pvalue

It should read:

P-value

On pages 4 and 5, where it reads:

breedlevel

It should read:

breed-level

On Table 1, page 5, where it reads:

Genotypepositive

It should read:

Genotype-positive

On page 6, where it reads:

locusspecific

It should read:

locus-specific

On page 6, where it reads:

allelefrequency

It should read:

allele-frequency

On page 6, where it reads:

resourcelimited

It should read:

resource-limited

On page 6, where it reads:

fieldadapted

It should read:

field-adapted
